

## Danida Business Explorer

Country	Danish company	Grant	Comments
<b>Danida Business Explorer 2017</b>			
Ghana	Informationsteknik Scandinavia	438.600	Develop Informationsteknik Scandinavia's position to provide user-friendly mobile technology registration equipment that can issue e-passports throughout Ghana.
Indonesia	NEPCon	359.125	Examine the possibilities for establishing a NEPCon office in Indonesia for business opportunities regarding the expansion of NEPCon's certification company within LegalSource, FSC, PEFC and RSPO standards.
Indonesia	CT-Technologies	363.600	A study regarding the establishment of new production facilities for cold storage and food processing
Kenya	NTU International	499.300	Examine the possibilities for establishing a user platform for the purpose of connecting those who carry less than one lorry of goods, with those who have half lorry trucks (truckpooling).
Ghana	EKJ Rådgivende Ingeniører	256.200	Prep-project to develop waste consultancy and sorting in Ghana and ensure recovery of the resources from construction waste.
Ghana	ecoXpac	500.000	Establishment of pilot plants for the production of biodegradable fiber bottles for liquid foods.
Tanzania	Zonith	277.312	Study business opportunities in providing special security packages for refugee camps to improve refugees' security and to protect the camp staff.
Vietnam	Blusense Diagnostics	484.225	Implementation of a clinical validation of Blusense's product for dengue diagnosis in Vietnam, Viro-Track Dengue.
Tanzania	Evershelter	435.200	Investigating business opportunities in the market for shelters for refugees in the Kigoma region

India	COWI	289.000	Partnership with suppliers to improve supply chain and build capacity for wind energy in India.
Kenya	Much More Water A/S	499.800	Establish sales and service organisation for clean water technology to public schools
Indonesia	CT-Technologies ApS	272.850	Production of doors and steel profiles for use in cold storage and food processing plants
Burkina Faso	BWSC A/S	293.169	Preparation of proposal to develop, build and operate a high-efficient thermal power plant
Lebanon	Krüger A/S	499.800	Development and establishment of a 2MW waste-to-energy plant to solve environment and health issues and to increase renewable energy production
Kenya	FOM Technologies ApS	445.400	Production facility offering low-cost and environmentally friendly solar solutions based on Organic Photovoltaics solar cells.
Tanzania	Novo Nordisk A/S	352.750	Partnership with suppliers and health systems to strengthen the supply chain and build capacity to treat chronic diseases in low-and middle-income countries with Tanzania as pilot country.
Uganda	Fasterholt Maskinfabrik A/S	481.100	Turn-key solutions for climate smart irrigation technologies targeting small, medium and large scale farmers to increase crop productivity and minimize environmental impact.
<b>Danida Business Explorer October 2016</b>			
Etiopia	DLF AmbA	141.100	Market study of the forage seed market to increase national milk production
Phillipines	Biosa Danmark ApS	324.700	Establishment of poultry and fish production facility to enhance production capability and output, using sustainable and
Uganda	Breeders of Denmark A/S	499.588	Development of pig breeding expertise through training and education
Uganda	Swienty A/S	388.450	Establishment of collection center to collect and process beeswax
<b>Danida Business Explorer March 2016</b>			
Egypt	Faaborg Værft A/S	316.200	Study for introduction of electrically powered ferries on the Nile with independent solar powered charging stations

Ethiopia	C.F. Nielsen A/S	191.250	Briquette production for small and medium industries
Ghana	Toftthøj Agro A/S	500.000	Developing an integrated poultry product value chain
Ghana	Aller Aqua A/S	309.400	Study to establish local production for fish feed
Jordan	SLA A/S	500.000	"From Aid to Trade" - meaningful business involvement
Mali	BWSC A/S	454.750	Establishment of a BWSC Training Institute
Morocco	Orbicon	498.525	Establishment of a hydrological information system
Nigeria	Arla Foods amba	499.163	Identification of sustainable business model for local production in dairy value chain
Philippines	Thyborøn Skibssmedie A/S	186.150	Sustainable and competitive fisheries through transfer of updated technologies, methods and training
Tanzania	Fransgård Maskinfabrik A/S	450.000	Production of tractor conveyed road graders
<b>Danida Business Explorer May 2015</b>			
Bangladesh	Haas-Meincke A/S	116.875	Support to conduct a market study and to prepare a quotation for supply of a biscuit plant including technical assistance
Bangladesh	Vestas A/S	500.000	Feasibility study to develop a 60 MW wind power project in the Cox's Bazar region
Bolivia	Meyer Food ApS	428.975	Study to locate Bolivian producers of innovative or novelty products to be marketed on the Scandinavian market
E and S Africa	Uhrenholt A/S	500.000	Study to establish local production of dairy products
Indonesia	GomSpace ApS	340.000	Technical study and business plan for a project to monitor commercial aircrafts and maritime vessels using nano-satelites
Kenya	DanSolar ApS	493.575	Feasibility study to develop a cooling container for solar powered cooling solutions in the commercial cool chain

Kenya	Borum Industries A/S	358.000	Feasibility study to establish a regional office for sale and marketing of road marking equipment and machines
Mozambique	LBB Invest & Landbrugsmaskiner ApS	420.050	Study to establish a service company and a mechanical workshop for agricultural machinery
Philippines	Green Hydro ApS	145.700	Green power supply and power back up solutions for mobile base stations in remote areas with no power grid
Tanzania	Vestas A/S	500.000	Application withdrawn by Vestas. Commitment was not send
Vietnam	GM Plast A/S	453.200	Preparation of a pilot test to supply plastic pipes for broadband cables in the telecommunication industry
<b>Danida Business Explorer Febuary 2015</b>			
Bangladesh	Universal Color & Chemicals ApS	199.900	Feasibility study concerning water based printing and dying of textiles
Bolivia	Borregaard Bioplant ApS	411.125	Study to establish a company in Bolivia for distribution of products and methods for organic plant pest fighting for development of know-how, and for improvement of methods and products to match local conditions
Ghana	NIRAS A/S	500.000	Study to enable NIRAS to explore the viability of a business case of being engaged as consulting engineers in Ghana for the development and construction of a heart hospital
Indonesia	Radiometer Medical ApS	186.500	Study to establish a regional office to service the primary health care sector and to provide training to employees in the hospitals and in the primary sector regarding diagnostic analysis
Indonesia	Amanda Seafoods A/S	323.700	Study to investigate the possibility of setting up local production of seafood and for export of seafood products from Denmark

Kenya	COOP Danmark A/S	500.000	Study to investigate the possibility for establishing a coffee roasting facility in Kenya including packaging and warehousing
Morocco	Dansk Energi Management A/S	469.375	Study to identify large scale energy efficiency projects and assessment of energy efficiency investments. The study will establish the basis for the equipment to be procured, the internal rate of return and the basis for signing an energy performance contract
Tanzania	WindSpace A/S	500.000	Feasibility study to establish small discrete wind projects (SSPs) through repowering in Europe of small scale wind turbines
Tanzania	Crown Foods Holding ApS	456.000	Feasibility study concerning development of value chain integration of a turn-key cashew-processing unit to be deployed with cashew farmer groups
Tanzania	Viking Danmark Fmba	497.400	feasibility study to establish a semen bank to improve local breed and to teach farmers about production, health, animal welfare, etc. The study will include market analysis, spotting cattle areas, etc.
Vietnam	NEPCon	275.125	Feasibility study regarding establishing an office to deliver certification and verification such as certification of forestland and plantations, chain of custody certification, timber legality verification, etc.
Vietnam	Geia Fodd A/S	342.700	Study to investigate setting up a subsidiary sourcing, distribution and sales center of food products to the local market as well as export
Zimbabwe	Aller Aqua A/S	266.200	Feasibility study to establish a production facility for fish feed products
